

## 2021 BUYERS' GUIDE

The companies listed on these pages have supported *ASPIRE*® magazine during 2021. Each offers a high-quality product or service targeted to the bridge industry and is worthy of your consideration. In choosing *ASPIRE* as the way to communicate with you, they show enormous confidence in us.

These companies share in the significant success achieved by *ASPIRE*. Advertisers put their money where their mouths are, and they can rightfully

be proud of *ASPIRE*'s success and our ambitious plans for 2022. They enable us to move ahead to better serve our readers.

Just as important, the advertisers create valuable messages for our readers. Their announcements and product information supplement our own content to keep readers current with new ideas.

Whenever an opportunity arises,

please contact *ASPIRE* advertisers, ask them for more information, and thank them for their investment in the concrete bridge community. For an easy way to make a contact, go to [aspirebridge.org](http://aspirebridge.org) and select the Advertisers tab. Clicking any listing will take you to the advertiser's home page.

We appreciate our advertisers' support, and yours, too, for making *ASPIRE* the most read and talked about bridge magazine!

COMPANY DESCRIPTION		ADDRESS/PHONE #
 <p>alchemco.com</p>	<p><b>Alchemco</b> is a manufacturer of integral waterproofing products. "Today's solution for tomorrow's problems" is our slogan as we aim to provide a solution for today's issues in waterproofing structural concrete by preventing tomorrow's problems that may arise from pathologies that can create a risk to the integrity of structural concrete. Our products are environmentally friendly and easy to apply, and provide a very long protection life, which in turn extends the life of the structure. Our products are also helpful in reducing standard maintenance costs due to the long application life. Welcome to the Alchemco family and learn how to prevent tomorrow's problems, today!</p>	<p>3532 Mayland Court Henrico, VA 23233 800.610.2895</p>
 <p>allplan.com</p>	<p><b>ALLPLAN</b> is a leading vendor of open BIM solutions for structural and civil engineers; our solutions are used by over 240,000 AEC professionals around the world. As a member of the open BIM initiative, ALLPLAN supports the IFC standard and enables holistic design, construction, and management of bridges and structures.</p>	<p>10 North High Street, Suite 110 West Chester, PA 19380 610.379.2701</p>
 <p>dywidag.com</p>	<p>Supporting infrastructure by making it safer and stronger has been our story since 1865. The main product the construction industry thinks of after hearing <b>DYWIDAG</b> is our threadbar—likely found in a significant amount of infrastructure in your city. But beyond steel bars and cables, now we are investing in technologies to smarten up infrastructure life-span management.</p>	<p>320 Marmon Drive Bolingbrook, IL 60440 630.739.1100</p>
 <p>hamiltonform.com</p>	<p>It's all we do—since 1967, and only for the precast/prestressed industry. Hamilton Form Company built our reputation on producing custom steel forms and plant production equipment. Count on our team to be advisors, solution providers, and leaders in product development. Would you like to see the bridges, transportation projects, and other notable and innovative structures we've been involved in? Visit <a href="http://www.hamiltonform.com">www.hamiltonform.com</a>.</p>	<p>7009 Midway Road Fort Worth, TX 76118 817.590.2111</p>
 <p>hdrinc.com</p>	<p>For more than a century, <b>HDR</b> has partnered with clients to shape communities and push the boundaries of what's possible. Our expertise spans 10,000 employees—more than 750 being bridge and structures specialists—in more than 200 locations around the world. From strategy and finance to design and delivery, we help develop innovative, reliable, cost-effective solutions to your infrastructure challenges. HDR is number three among the top 25 bridge design firm according to <i>ENR</i>.</p>	<p>1917 South 67th Street Omaha, NE 68106-2973 402.399.4922</p>
 <p>helsel.com</p>	<p><b>Helsel Industries</b> designs and manufactures steel forms for producing precast and prestressed concrete components for numerous commercial applications.</p>	<p>10750 SW Tualatin Road PO Box 1569 Tualatin, OR 97062 503.692.6909</p>
 <p>twintier.global/us-en</p>	<p><b>MAX</b> battery-powered rebar tying tools save businesses time and money. MAX developed the world's first battery-powered rebar tying tool in 1993. Since then, MAX R &amp; D engineers have continued to improve upon its proprietary technology, which led to the development of the TwinTier, a dual wire feeding rebar tying tool. This exclusive technology forms a tie in half a second and can produce 4000 ties per battery charge. These features, among others, make the TwinTier the most innovative and efficient rebar tier on the market. Today, MAX manufactures a full line of rebar tiers that can tie between mesh up to #9 x #10 rebar. The latest TwinTier, model RB401T-E, allows users to tie rebar while standing, which is an optimal solution for tying rebar on bridge decks.</p>	<p>205 Express Street Plainview, NY 11803 800.223.4293</p>
